

South Australian Recreational Cycling Club Central Victorian and Goldfields Bicycle Tour

Depart Sunday 16th October 2022 for Castlemaine

Arrive back in Adelaide on Sunday 30st October with lots of happy memories.

Your committee has been working hard to design our annual October adventure. We hope you have a look through and if you want to come please book early. We had to cancel this tour in 2021 and so the dates of the 2022 tour are slightly different. When you book, can you also please email to SARCCexec@gmail.com so we can have an idea of numbers. Numbers are not restricted on this trip.

You will need to book your own accommodation in one of the following caravan parks or something more up market if you prefer, in the following towns. Remember that the average minimum temperature at this time of the year is about 8° C. We got caught out on a Geelong trip in October with not bringing warm enough clothes.

We have members who stay in cabins, camp in a tent or bring their own caravan or camper trailer, the choice is yours. We try to gather every afternoon at about 5pm for a Happy Hour of chatting a drink or two and snacking as well as to hear instructions or ask questions about the following day's ride. We often do this in the BBQ area or camp kitchen or if the weather is fine and warm in the outdoors, where it is so much easier to hear the conversations. Please bring an outdoor chair.

Castlemaine to Maldon Rail Trail and Steam Engine

South Australian Recreational Cycling Club Central Victorian and Goldfields Bicycle Tour

We have planned four rides including the Maldon Rail Trail and choice of a return train ride hopefully steam engine. A ride out to Harcourt and to the Mt Alexander picnic area, a ride to the historic Fryerstown and Vaughan Springs and one out to Maldon and Mt Tarrangower via Newstead.

Some rides are long and some short. Plenty of MTB trails in the locality as well if you prefer to explore them unguided. There is also an historic house called Buda which is open 12 till 4 seven days a week and well worth a visit as well as goldfields walks if you want to do something not related to a bike.

Typical happy hour

O'Keefe Rail Trail

We are planning a short road ride in the afternoon of our day of arrival. Other rides include the O'Keefe Rail trail in two parts (one requiring a drive to the start) and the Bendigo Creek trail out to the Crusoe Reservoir and the Botanic Gardens. There are also a lot of challenging MTB trails amongst the diggings here if anyone wants a challenge.

Ride from Beech Forest down hill to Barongarook Hall

Ride a portion of this trail from Cobden to Naroghid

There will not be ride on the day we travel. Our first ride will be around Lake Colac and Lake Beeac visiting the town of Beeac for lunch.

Another ride will be on the Old Beechy Rail Trail from Beech Forest back toward Colac in a downhill direction. This ride requires a car shuffle. An opportunity to ride around Lake Colac on the day we arrive as well. There are also two rides on the Timboon Rail Trail one starting from Lake Purrumbete and the other from Cobden. These two rides require a driving to the start. Once again there are MTB trails in the nearby Otway forest if anyone would prefer to ride them.
